

A MESSAGE FROM THE GENERAL MANAGER ABOUT COVID-19

To all Adair Evacuation Customers,

Adair is committed to the health and wellbeing of our staff, customers and communities. We value our relationship with you and we want to reassure you we remain open for business and to ensure that your workplace remains compliant.

We have been working progressively since January so we are well prepared for our business to respond quickly to the changing conditions. This will ensure we can continue to seamlessly provide service to you. In addition to following the authorities' guidelines, we have introduced further measures to reduce the risk to our people and the wider community.

We have a Business Continuity Plan in place that includes the ability to have your staff train remotely via webinar or E-Learning reducing any potential disruption to your business and our services and allowing you to undertake this essential training from your desk or your home office.

We are committed to supporting you and your business. We understand that your business may be facing challenges of its own, and our people are accessible and ready to help.

We are continuing to monitor the situation closely and are ready to respond quickly during these uncertain times.

If you have any questions, please reach out to us via email at info@adairevac.com.au.

Yours sincerely,

Craig Watkins
General Manager/Director
